Summary

Front End Developer trained in Javascript, CSS and HTML. Focused on responsive web development and a background in multimedia production. Open to opportunities where I can leverage my diverse technical and creative skillset.

Experience

Web Developer

Overdose.

Nov 2019 - Present (2 years 4 months +)

Overdose acquired Mercutio in June of 2021. The experience listed below includes my experience at Mercutio (November 2019 - June 2021).

- Tech Lead e-commerce sites from architecture to launch - collaborate with UX team on defining functional requirements, align design for platform conformity, estimate and triage user stories for sprints, weekly code review and merge for QA; support dev ops.
- Led frontend development on dynamic client-side solutions using HTML, CSS, and Javascript frontend frameworks.
- Optimize user experience through the translation of wireframes and mockups into responsive, mobile-first, interactive features and websites.
- Experience building accessible applications conforming with WCAG 2.0 guidelines
- BigCommerce, Shopify, Klaviyo, Contentful, Shogun headless ecommerce CMS

HTML, CSS, Node.js, jQuery, GraphQL, Handlebars.js, Liquid, ReactJS
